## ***Sika Corporation, Industry Products Division establishes Façades, Fenestration & Insulating Glass (FFI) Business Unit for NA Market***

Madison Heights, MI – February 7, 2011 – Sika Corporation, Industry Products Division announces the establishment of the FFI Business Unit, serving the needs of customers in the North American Facades, Fenestration and Insulating Glass marketplace. This action follows the announced acquisition of May National in October, 2010. The new BU has a dedicated sales force specific to the market segments and will operate from Lakewood, New Jersey.

The New Business Unit is headed by Scott Henry, Senior Vice President - Sika Industry Products. Serving as Vice President - Sales and Marketing, is Doug Walker reporting directly to Henry. Walker brings more than 33 years specialized Industry experience to his new role. The experienced and veteran staff of dedicated sales professional's reports directly to Walker, bringing extensive knowledge in materials, applications and market segments and more than 100 years combined experience to the marketplace.

"The establishment of the FFI business unit provides solid ground for continued growth in this arena," commented Doug Walker. "It also indicates strong commitment by Sika to establish North American supply and expertise to augment the Sika Engineered Silicones business in Europe."
